### Natural stone table tops TS130

	Jura marble	Nero Assoluto granite	Flossenbürger granite
	polished	satin-finished	satin-finished
			
Impregnated	✓	✓	✓

The tabletops are factory-treated with a food-safe impregnation. For daily care, the natural stone can be wiped with a microfiber cloth and a non-acidic, preferably pH-neutral soap. Stains should be removed immediately to prevent them from penetrating the stone.

### Concrete table top TB130

	Concrete	
		Our concrete table tops are made of poured concrete. Their low material thickness with high stability is achieved by a glass fibre reinforcement. The concrete table top is coloured throughout and the surface is oiled. Due to the open structure, colour shading may occur on the surface. The table top is light, UV and weather resistant.
Oiled	✓

Each piece of furniture is handmade and unique. Deviations to the listed measurements may be caused by:  
1. different upholstery materials (fabric, leather), 2. processing of ticking mats, 3. the pressure to combine individual parts, etc.  
The seat comfort of a sofa type with larger seat depth usually differs from one with lower depth.
